

# Keke Palmer, Home For The Holidays

Its here the time of year we get to celebrate  
All together once again and it doesn't matter  
How far wherever we are we always find a way  
To all the family and the friends

I'm gonna be home for the holidays  
To the place I know its my heart and soul  
I'm coming home and I cant wait  
Yeah I'm gonna be home for the holidays

Yeah my hometown my friends around its what I really missed  
Yeah and all the good times that we shared  
And even though I know I've been gone for way too long  
Coming back is the best ummm  
I'm getting close I'm almost there

I'm gonna be home for the holidays  
To the place I know its my heart and soul  
I'm coming home and I cant wait  
Yeah I'm gonna be home for the holidays

To the place that I remember  
Always and forever in my heart  
We can celebrate  
From November to December  
Yes I'm gonna be home  
I'm gonna be  
Yea I'm gonna be home for the year  
Yea I'm gonna be home  
I'm gonna be there soon as

I'm gonna be home for the holidays  
To the place I know its my heart and soul  
I'm coming home and I cant wait  
Yeah I'm gonna be home for the holidays  
I'm gonna be home for the holidays  
Just where I belong and I've been gone to long  
I'm coming home and I cant wait  
Yeah I'm gonna be home for the holidays  
Yea I'm gonna be I'm gonna be  
Yea im gonna be home for the holidays
