

# Kelis, I Don't Think So

You think you might have a chance  
I Don't Think So  
You're tellin' me to be nice  
I Don't Think So  
You wanna get in my pants  
I Don't Think So  
I Don't Think So  
I Don't Think So  
You think you might have a chance  
I Don't Think So  
You're tellin' me to be nice  
I Don't Think So  
You wanna get in my pants  
I Don't Think So  
I Don't Think So  
I Don't Think So

I can see it in your eyes  
You talk to me like I'm your prize  
But I don't want you in my life alright,  
And I think you know that  
I know what I really need  
And trust me you're not at my speed  
But I don't want you in my life alright,  
You should know by now that

You think you might have a chance  
I Don't Think So  
You're tellin' me to be nice  
I Don't Think So  
You wanna get in my pants  
I Don't Think So  
I Don't Think So  
I Don't Think So  
You think you might have a chance  
I Don't Think So  
You're tellin' me to be nice  
I Don't Think So  
You wanna get in my pants  
I Don't Think So  
I Don't Think So  
I Don't Think So

You can try  
You can lie  
Till you die  
You and I  
No  
No  
I Don't Think So

Sorry you don't have a clue  
But I don't have the time for you  
Got my eye on someone else tonight,  
And I think you know that  
I'm the only force on me  
But you keep living makebelieve  
Got my eye on someone else tonight,  
You should know by now that

You think you might have a chance  
I Don't Think So  
You're tellin' me to be nice  
I Don't Think So

You wanna get in my pants  
I Don't Think So  
I Don't Think So  
I Don't Think So  
You think you might have a chance  
I Don't Think So  
You're tellin' me to be nice  
I Don't Think So  
You wanna get in my pants  
I Don't Think So  
I Don't Think So  
I Don't Think So

You can try  
You can lie  
Till you die  
You will die  
No  
No  
I Don't Think So
