

# Kelis, What's That Right There

[Chorus:]

What's that right there  
What's that right there  
What's this right here (Yea)

(Oh) This ain't nothin' but a little somethin' that I got  
Little somethin' that I got

This just might be  
The flavor you crave nightly  
I'll give it to you nicely, oh  
So go ahead and try me  
Them girlies wanna fight me  
But you just wanna bite me, oh

[Bridge:]

When you get some of what I got  
It's gonna knock you right out of your socks  
This right here is hot, is hot  
I put the shimmy on your cocoa pop  
He likes it raw, I likes it on top  
I got something for the lollipop  
And your heart's gonna stop when I drop down...
