

Kelli Ali, Angel In L.A.

Feel the sunrise in his smile
Let me rest here for a while

Don't ask me to leave
Wild horses won't drag me away
My soul runs free
Wild horses won't drag me away

Who could turn her back on being loved?
If life's a game
I feel no shame
To play with my heart

Met an angel in L. A
Stayed up all night, slept all day

Don't ask me to leave
Wild horses won't drag me away
He's my sunshine, my dawn and my night and my day

Who could turn her back on being loved?
If life's a game
I feel no shame
To play with my heart

Lose, but never turn your back on love
Let it shine
Fill your mind
And play with your heart

I met an angel in L. A
And now my heart's shaped like a star

Who could turn her back on being loved?
If life's a game
I feel no shame
To play with my heart

Lose, but never turn your back on love
Let it shine
Fill your mind
And play with your heart

Met an angel in L. A...
