

# Kelli Ali, Groupie

beautiful brother, my heart is on fire  
daisy chain dreamer  
I'm yours and you're mine yeah

from what I hear, it seems we're breaking every body's rules  
but I don't mind baby, I'm easy as a day off school

I, I wanna be your groupie  
a follower of beauty  
I made a t-shirt with your name on it

ah, you fill my heart with flowers  
I've been up for hours  
and baby I'd do anything that you wanted

snow fallin' smile puts the stars on my pillow  
isn't it wild baby, I go where you go

chasin' clouds with you so pretty in the summer sky  
all I know is I'm so happy baby I could die

I, I wanna be your groupie  
a follower of beauty  
I made a t-shirt with your name on it

ah, you fill my heart with flowers  
I've been up for hours  
and baby I'd do anything that you wanted

I, I wanna be your groupie  
I, I wanna be your groupie
