

Kelli Ali, Keep On Dreaming

A bird of paradise

Came and lay next to me

He sang a pretty song of lover's ecstasy

He laid his silver wings

Over my sleepy head

He whispered magic things

And this is what he said...

Ah, ah, ah

As long as we keep on dreamin'

It's alright

I said ah, ah, ah

As long as we keep on dreamin'

It's alright

Baby, don't be afraid to let your heart fly free

We can do anything

Open your mind and see

I saw the universe

Unfolding in his eyes

He kissed my burning lips

And then I realized

Ah, ah, ah

As long as we keep on dreamin'

It's alright

I said ah, ah, ah

As long as we keep on dreamin'

It's alright

Super lovers

Clap your hands

Are you ready for the dance

Real life beauty and romance

Don't let the whole world pass you by

Baby

Life is but a dream
Nothing's ever what it seems
Something so supreme
Wake up your heart
It's time to fly...
Ah, ah, ah
As long as we keep on dreamin'
It's alright
I said ah, ah, ah
As long as we keep on dreamin'
It's alright
Ah, ah, ah
As long as we keep on dreamin'
It's alright
I said ah, ah, ah
As long as we keep on dreamin'
It's alright
