

Kelli Ali, Kids

Baby we've been playin' with fire
Turnin' on a record desire
Baby we've been playin' with fire

Baby if you come out tonight
We can make you feel alright
Baby if you come out tonight

Look in my bedroom
I painted it red
I hung up your picture
Right over my bed
I know every word you ever said

Blonde hair, blue eyes and
We're dreaming of you now baby
Don't care
Your wild heart is gonna see us through now baby

Baby we've been playin' with fire
Turnin' on a record desire
Baby we've been playin' with fire

My favourite scene ends
I play it again
I like to freeze frame when you're laughin'
Man I'd kill to be your friend

Blonde hair, blue eyes and
We're dreaming of you now baby
Don't care
Your wild heart is gonna see us through now baby

Blonde hair, blue eyes and
We're dreaming of you now baby
Don't care
Your wild heart is gonna get us through now baby

Blonde hair, blue eyes and
We're dreaming of you now baby
Don't care
Your wild heart is gonna see us through now baby
