

Kelli Ali, Teardrop Hittin' The Ground

look out brother
she's my sister
ain't stopped cryin'
since you kissed her

turn around
turn around
and you better keep on goin'
got you down
got you down
but it's been a real pleasure
knowin' you

like a teardrop hittin' the ground
I don't wanna see you around
hit the trail baby don't make a sound
you're just a teardrop hittin' the ground

slip your jeans on
comb your hair back
got your ticket
in my handbag

turn around
turn around
and you better keep on goin'
got you down
got you down
but it's been a real pleasure
knowin' you

like a teardrop hittin' the ground
I don't wanna see you around
hit the trail baby don't make a sound
you're just a teardrop hittin' the ground
a teardrop hittin' the ground

pack up your cute face
in a suitcase
better move faster
than a car chase
baby

like a teardrop hittin' the ground
I don't wanna see you around
hit the trail baby don't make a sound
you're just a teardrop hittin' the ground

like a teardrop hittin' the ground
I don't wanna see you around
you can scream but you won't make a sound
you're just a teardrop hittin' the ground
you're just a teardrop hittin' the ground
you're just a teardrop hittin' the ground...
