

# Kelly Clarkson, Heartbeat Song

This is my heartbeat song and I'm gonna play it  
Been so long I forgot how to turn it up up up up all night  
Up up all night long

You, where the hell did you come from?  
You were a different, different kind of fun  
And still used to feel it now  
Now, I got pins and needles on my tongue  
Anticipating what's to come  
Like a finger on a loaded gun  
I can feel it rising  
Temperature inside me  
Haven't felt for a long time

This is my heartbeat song and I'm gonna play it  
Been so long I forgot how to turn it up up up up all night  
Up up all night long  
This is my heartbeat song and I'm gonna play it  
Turn it on  
But I know you can take it up up up up all night  
Up up all night long

I, I wasn't even gonna go out  
But I never would have had a doubt  
If I don't know where I'd be know  
Your hands on my hips  
And my kiss on your lips  
And I could do this for a long time

This is my heartbeat song and I'm gonna play it  
Been so long I forgot how to turn it up up up up all night  
Up up all night long  
This is my heartbeat song and I'm gonna play it  
Turn it on  
But I know you can take it up up up up all night  
Up up all night long

Until tonight I only dreamed about you  
I can't believe I'll ever breathe without you  
Baby you make me feel alive and brand new  
Bring it one more time, one more time

This is my heartbeat song and I'm gonna play it  
Been so long I forgot how to turn it up up up up all night  
Up up all night long  
This is my heartbeat song and I'm gonna play it  
Turn it on  
But I know you can take it up up up up all night  
Up up all night long
