

Kelly Family, Because It's Love

Every time I look at your face
I get this feeling
Every time I look in your eyes
It starts healing
Every time we walk side by side
Yes I get this feeling

Because it's love, Yes it's love
Oh it's love

Chorus:
And we climb a step
Every day it's you and I
We climb a step
Every day and every night

It's every time you look at my face
You give me this feeling
Every time you look in my eyes
My heart starts to tumble
Oh I think of you all the time
It's you I believe in

Because it's love, Yes it's love
Oh it's love

Chorus 3x:
And we climb a step
Every day it's you and I
We climb a step
Every day and every night

Every time I look at your face
I get this feeling

Because it's love, yes it's love
And it's love
