

# Kelly Family, Cover The Road

You might say you're pretty  
you might say you're free  
life may be so easy  
love may be so free

cover the road, cover the road  
till the end of time

you might say you're ugly  
you might say you're chained  
life may be so dreary  
love may be a shame

cover the road, cover the road  
till the end of time  
cover the road, cover the road  
till the end of time

Life is a highway  
you're sitting on the wheel  
and you decide the speed  
here is the easy and there is the hard way  
it's either one

cover the road, cover the road  
till the end of time  
cover the road, cover the road  
till the end of time

You might say you're ugly  
you might say you're chained  
it's inside your heart lady  
where the battle is won

cover the road, cover the road  
till the end of time  
cover the road, cover the road  
till the end of time
