

# Kelly Family, No Lies

Its lonely tonight  
you not here to talk to you  
youre not here to talk to you

We dont have to give  
tell me what to do  
Im seen around my life  
with ladys on both side  
You dont have to give  
excuse yourself  
we dont have to give  
expiring yourself

No lies  
One no more lies for me  
No lies  
One no more lies for me

One put on the right  
the other on the left  
sonn ive to decide  
what about my life  
Ive got faults and friends  
inside my heart  
but not to play around like a doll

No lies  
one no more lies for me  
No lies  
one no more lies for me

Its lonely tonight  
you not here to talk to you  
youre not , youre not around  
youre not here to talk to you

No Lies  
one no more lies for me...
