

Kelly Family, Thrills

It's only everytime I'm looking to you straight in the eyes
Baby, you know the eye is on you
Everytime I'm looking to you straight in the eye
Baby, baby,baby, I get the thrills

Why won't you leave away from my side before you break my heart
Baby, won't you lose, so please
Leave away from my side before you break my heart
'cause baby, baby,baby, I get the thrills

It's only...(etc.)
