

Kelly Family, When The Last Tree (Dutch)

I wanna know is anybody out there
Who's gonna help me
Fight the danger in the air
I wanna know who's out there
Who's gonna help me
Fight the danger in the air
Ooh...

When the last tree has been taken
The last river has been poisoned
Caught the last fish from the ocean
Eat your money then

Wanneer de laatste boom gerooid is
De laatste rivier is vergiftigd
De laatste vis gevangen
Zal je wel begrijpen
Dat men geld niet eten kan
Ooh...
Geld niet eten kan
Ooh...

When the last tree has been taken
The last river has been poisoned
Caught the last fish from the ocean
Eat your money then
Don't believe you can - ooh ooh ooh
Eat your money then - ooh ooh ooh

Before our last tree has been taken
Our rivers has been poisoned
Take your mother earth in our hands
I believe we can

Woordat de laatste boom gerooid is
De laatste rivier is vergiftigd
Moeder aarde ik ben voor jou daar.

Give it a chance - ooh ooh ooh
I believe we can - ooh ooh ooh
Give it a chance - ooh ooh ooh
I believe we can - ooh ooh ooh
Give it a chance - ooh ooh ooh
