

Kelly Groucutt, Oh, Little Darlin'

Hey! You little fool
Can't you see what you've gone and done?
Get out and find yourself another one
I'm not in love with you
I could not be in love with you
Oh no.

Time after time
I keep tryin' to convince myself
It can't be true, it must be something else
I'm not in love with you
I could not be in love with you
Oh no I'm not in love with you
Don't want to be in love with you

So darlin'
Why do I dream about you every night?
So darlin'
How come you're in my head
'til morning light?
Is this love
Or is it my imagination?
Until I find my way
Girl, you better stay away from me

You think I'm fooling myself
Just because I looked at you that way
Girl, I don't believe a word you say
I'm not in love with you
I could not be in love with you
Oh, no I'm not in love with you
Don't want to be in love with you

So darlin'
Why do I dream about you every night?
So darlin'
How come you're in my head
'til morning light?
Is this love
Or is it just your infatuation?
Until I find my way
Baby will you let me stay with you?

So darlin'
Why do I dream about you every night?
So darlin'
How come you're in my head
'til morning light?
Is this love
Or is it my imagination?
Baby will you let me stay, until I find my way?

So darlin'
Why do I dream about you every night?
So darlin'
How come you're in my head
'til morning light?
Is this love [fade out]
