

Kelly Osbourne, Changes

I feel unhappy, I am so sad
I lost the best friend that I ever had

She is my baby, I loved her so
But it's too late now, I've let her go

We're going through changes
We're going through changes

We shared the years, we shared each day
I love you daddy, but I found my way

You know the world is an evil place
My baby's grown now, she's found her way

We're going through changes
We're going through changes

It took so long to realize
And I can still hear his last goodbyes

Now all my days are filled with fears
Wish I could go back and change these years

We're going through changes
We're going through changes
We're going through changes
Changes
