

# Kelly Osbourne, More Than Life Itself

You never said that you were perfect  
But you always are to me  
Loving you is always worth it  
'Cause you see so much in me

And when I'm down you're there to lift me  
You come around when I need a friend

And no one loves me like you do  
Unconditional and true  
You're the shoulder that I've always known  
And the hand that says I'm not alone  
More than myself  
I love you more than life itself

Did you know that I get lonely  
At the thought of you not being here  
Can you see that you're the only  
One who never disappears

And when I fear you are the comfort  
The one who steers me to the light

And no one loves me like you do  
Unconditional and true  
You're the shoulder that I've always known  
And the hand that says I'm not alone  
More than myself  
I love you more than life itself

I love you I love you I love you  
And I don't care if it sounds trite  
I'll say it over and over  
It makes me feel alive  
You gave me all my fire  
By watching you live by what you believe  
So many things you taught me  
And even when you caught me  
I always knew that you, you could still see  
The best in me  
The best in me (spoken)

No one loves me like you do  
Unconditional and true  
You're the shoulder that I've always known  
And the hand that says I'm not alone  
More than myself  
I love you more than life itself (x4)  
More than you know(x2)  
I love you more than life itself
