

Kelly Price, Friend Of Mine

[1] - She was a friend of mine, she left with my man
She lied, cheated, took all I had
She was a friend of mine, she used what she knew
She lied, cheated, and left me confused

I feel so lost, don't know why this has happened to me
My closest friend, I never would have thought it could be
You were someone, someone I really thought I could trust
But my man, you laid, and I'm betrayed

[Repeat 1]

Thicker than blood, wherever there was me where was you
My all was your all, but that wasn't enough for you
You had to see and tried to walk a mile in my shoes
In my head, in my bed
Betrayed by my best friend

[Repeat 1]

[2] - Why? Why?
Why? Why?
MMMMMMMMMM
Why? Why?
Why? Why?

[Repeat 1 until end]
