

Kelly Price, He Proposed To Me

Verse 1

It was on Valentine's Day February 14th
My baby took me to a special place
Said he had a surprise for me
He told me to close my eyes
So that I could not see
And when I opened them up
He was one knee reachin' for my hand
{Thats When}

Chorus

He proposed to me
He proposed with a diamond ring
I started crying
He placed it on my finger and I said yes
He proposed to me {My Baby}
He proposed with a diamond ring
I couldn't believe it I looked in his eyes and I said yes

Verse 2

I'll never forget that night
It was 8:43 pm to be precise
He looked in my eyes and said
Yooou've made me the happiest man alive
Soon as I get home I called my mother on the phone
Said you won't believe what just happened to me

Chorus

He proposed to me
He proposed with a diamond ring
I couldn't believe it
I looked in his eyes and said Yes

Bridge

We will be together
This I know
We will love forever{Baby}
My heart told me so
See if you promise to hold me tight and never let me go
We'll be husband and wife
For the rest of our lives

Chorus
