

# Kelly Price, National Anthem / She Wants You

(feat. R. Kelly)

[R. Kelly]

Here's the day I've been waiting on  
NFL on Sunday morn

[Kelly]

But you know we need to talk  
Right now

[R. Kelly]

Not right now the TV is on  
Move outta the way the National Anthem is coming on

[Kelly (R. Kelly)]

If it's the National Anthem you want  
(Kelly let it wait)  
Here it is  
(Woman if you don't go in there and leave me alone)  
And I thought I made it clear  
(Please don't start this again)  
Told you to get her out of there  
(But I told you she was just a friend)  
Came through your house last night  
And her bags were still there  
Oh (Oh damn)

She wants you  
And baby I'm not fooled  
She wants you  
So don't you play the fool

You say she's just a friend  
But I can see straight through  
Baby I'm not having it

Ooh a true friend indeed  
She was just a friend in need  
She called to you just for help  
She said she didn't have no one else  
But I know that something's wrong  
I felt it while we were on the phone  
Cause she's looking for love  
And she's looking at you  
I recognize the game oh, oh yeah, yeah

She wants you  
And baby I'm not fooled  
She wants you  
So don't you play the fool

You say she's just a friend  
But I can see straight through  
Baby I'm not having it

No, no, no, no, no  
Just you and me  
Until this came to be, hmm  
We never had an argument  
Until the day you took her in, yeah  
My love this is killing me, yes it is  
The web she weaves, oh  
Underhanded schemes  
But I can see what you don't see

I've been here before  
And I won't take no more

She wants you  
And baby I'm not fooled  
She wants you  
So don't you play the fool

You say she's just a friend  
But I can see straight through  
Baby I'm not having it

No, no never gonna play fool  
Never gonna play a fool no more  
Like in friend of mine  
No not this time  
Never gonna let no one take what's mine  
Said you can't be so blind  
I just won't sit here  
While she plans for you  
So will you believe me?  
You gotta believe me  
Everything I say is true

She wants you  
And baby I'm not fooled  
She wants you  
So don't you play the fool

You say she's just a friend  
But I can see straight through  
Baby I'm not having it
