

Kelly Rowland, Coffee

Coffee and sex in the morning
breakfast in bed got me moaning
before you go to work
(I need you to go to work)
Pardon my sincerity
you know I am rare—ity
my love by your therapy
all around remedy

baby, who instead of me?
these *** will neva be
put it down, like it's heavy baby
honeymoon that
wedding day that

I need that wake uo
soon as we wake up
wish we could lay up
still stack our pay up
you running late but
need you to stay up
it's almost 8
no time to waste
no time to waste
