Kelly Rowland, Sound Of The Underground

[verse 1]

Disco dancin with the lights down low Beats are pumpin on the stereo Neighbours bangin on the bathroom wall Ya sayin crank the bass i gotta get some more

Waters runnin in the wrong direction got a feeling its a mixed up sign I can see it in my own reflection, Something funnys going on inside Now i dont know what is pushing me higher, its the static from the floor below And then it drops and catches like fire, its the sound o' its the sound o'....

[chorus]

Its the sound of the underground, the beat of the drum goes round and round Giving to the overflow The girls are gettin down to the sound of the radio up to electric night The bass line jumps in the backstreet light the beat goes around and round its the sound of the underground

[verse 2]

Chain reaction running through my veins Pumps the bass up up into my brain Screw my mind until i lose control And when the building rocks i know its got my soul

Waters runnin in the wrong direction got a feeling its a mixed up sign I can see it in my own reflection, Something funnys going on inside Now i dont know what is pushing me higher, its the static from the floor below And then it drops and catches like fire, its the sound o' its the sound o'....

[chorus]

[verse 3]

I dont know what is pushin me higher its the static from the floor below and then it drops and catches like fire its the sound o' its the sound o' its the sound o' (ooooooooohhhhhhooohhhhhhwwwaaa)
