

Kelly Sweet, Crush

Why can't you see me?
'Cause I don't want to make me hard to find
'Cause I'm in love
Or is it a crush?
Am I in love?
Are you in love?
Or is it just a crush?
Are you in love?
Are we in love?
Or is it just a crush?
Just you wait
I'll get next to you
There when you come undone
All that you disguise are all just pretty lies
Still I'm in love
My crush
Just my luck
Here in my imagination
Why so happy and so free?
Maybe you're just meant for me
If you only knew what I would do to hear you
Say you love me
But just don't stop there
Kiss me
Let go floating
High above the ground
Is it all so hard to believe?
Am I in love?
Are you in love?
Or is it just a crush?
Are you in love?
Are we in love?
Or is it just a crush?
Am I in love?
Are you in love?
Or is it just a crush?
Are you in love?
Are we in love?
Or is it just a crush [crush crush]?
Am I in love?
Are you in love?
Or is it just a crush?
