## Kelly Sweet, Crush

Why can't you see me?

'Cause I don't want to make me hard to find

'Cause I'm in love

Or is it a crush?

Am I in love?

Are you in love?

Or is it just a crush?

Are you in love?

Are we in love?

Or is it just a crush?

Just you wait

I'll get next to you

There when you come undone

All that you disguise are all just pretty lies

Still I'm in love

My crush

Just my luck

Here in my imagination

Why so happy and so free?

Maybe you're just meant for me

If you only knew what I would do to hear you

Say you love me

But just don't stop there

Kiss me

Let go floating

High above the ground

Is it all so hard to believe?

Am I in love?

Are you in love?

Or is it just a crush?

Are you in love?

Are we in love?

Or is it just a crush?

Am I in love?

Are you in love?

Or is it just a crush?

Are you in love?

Are we in love?

Or is it just a crush [crush crush]?

Am I in love?

Are you in love?

Or is it just a crush?
