

Kelly, What Do They See?

When people look at me
What do they see?
A girl with no point of living
When im walking down a street
They all stare at me
And I stare right back at them

Chorus:
What do they want with me? (with me)
Why do they pity me? (pity me)
Everything I do
Everywhere I go
They stare at me
And I stare right back at them (at them)

I walk straight into town
Do some shopping
Me! With no point of living
I turn my head to see
They all stare at me
And I stare right back at them

Chorus:
What do they want with me? (with me)
Why do they pity me? (pity me)
Everything I do
Everywhere I go
They stare at me
And I stare right back at them (at them)

People look at me
They see
A girl, no point of living
Walking down a street
They stare at me
And I stare right back at them

Chorus:
What do they want with me? (with me)
Why do they pity me? (pity me)
Everything I do
Everywhere I go
They stare at me
And I stare right back at them!
