

# Kelly Willis, If I Left You

If I left you  
I wouldn't stay gone so long  
If I left you  
I'd wonder hoe you got along

Chorus  
But you left me  
Alone here in my misery  
That's not something I would do  
If I left you

If I left you  
I wouldn't go out on the town  
If I left you  
I'd drag my heart along the ground

Repeat Chorus

Your actin' like I never cross your mind  
I'm hold up feelin' like I'm loosin' mine

If I left you  
I'd call you every single day  
If I left you  
I'd wonder why I went away

Repeat chorus
