

Kem, I'm In Love

Could this be the very beginning babe
Of a love so fine?
Then let's get caught up in the middle babe.
Girl you were mine, that's all I know.
Hey we've got somethin special
A wise man can't define.
It's just like heaven's watchin us.
And it feels just like...

I'm in love
Ohh girl, i'm in love
I'm in love
I'm in love

You just get here girl
And i promise you
I'll keep you warm
Inside and out i'll be lovin you
Makin my perfect storm
Until the mornin comes
Hey, you're sunshine, on my window babe
