

Kendrick Lamar, Bitch, Don't Kill My Vibe

I am a sinner
Who is probably going to sin again
Lord forgive me
Lord forgive
Things I don't understand
Sometimes I need to be alone
Bitch don't kill my vibe
Bitch don't kill my vibe
I can feel your energy from two planets away
I got my drink I got my music I will share it but today

Bitch don't kill my vibe /4

Look inside my soul and you can find gold and maybe get rich
Look inside of your soul and you can find doubt and never exist
I can feel the changes
I can feel a new life
I always knew life can be dangerous
I can say I like a challenge and you to me is painless
You don't know what pain is
How can I paint this picture
When the color blind is hanging with ya
Fell on my face and I woke with a scar
Another mistake living deep in my heart
Buried on top of my sleeve in a flick
I can admit that it did look like yours
Why you resent every making of this
Tell me your purpose is petty again
But even a small lighter can burn a bridge
Even a small lighter can burn a bridge

I can feel the changes
I can feel the new people around me just want to be famous
You can see that my city found me put me on stages
To me that's amazing
To you that's a quick check, with all disrespect let me say this

I am a human
Who is probably going to fail again
Lord forgive me
Lord forgive
Things I don't understand
Sometimes I need to be alone
Bitch don't kill my vibe
Bitch don't kill my vibe
I can feel your energy from two planets away
I got my drink I got my music I will share it but today I'm yelling

Bitch don't kill my vibe /4x

I'm trying to keep it alive and not compromise the feeling we love
You trying to keep it deprived and only co-sign what radio does
And I'm looking right past ya
We live in a world, we live in a world on two different axes
You live in a world, you living behind the mirror
I know what you scared of, the feeling of feeling emotions inferior
This shit is vital, I know you had to
This shit is vital, I know you had to
Die in a pitiful vain, tell me a watch and a chain
Is way more believable, give me a feasible gain
Rather a seasonal name, I'll let the people know this is something you can blame
On yourselves you can remain, stuck in a box
Ima break out and then hide every lock
Ima break out and then hide every lock
