

# Kenna, Baptized In Blacklight

(Verse 1)

Like a healer  
She comes to me  
With solace for my spirit  
Thoughts in cages  
Locked in mazes  
Hearing echoes of yesterday

Met my demons, fightin angels  
7 times a million ties  
Through phases, the ages  
Consumed by the fire

(Hook)

Still,  
When the sun goes out  
And the night is all a haze  
Let the flood come down  
And wash it all away  
Baptized in blacklight  
I feel your touch  
And I am whole again

(Verse 2)

I'm a criminal  
Who surrendered  
Found my truth in consequence  
Blind but guided  
Divided  
With a mind that's born again

When I needed  
You entered  
You entered  
You entered  
Fixing broken, broken pieces  
Singing Hallelujah

(Hook)

When the sun goes out  
And the night is all a haze  
Let the flood come down  
And wash it all away  
Baptized in blacklight  
I feel your touch  
And I am whole again

Still,

When the sun goes out  
And the night is all a haze  
Let the flood come down  
And wash it all away  
Baptized in blacklight  
I feel your touch and  
Baptized in blacklight  
I feel your touch ay  
I'm Baptized in blacklight  
I feel your touch  
And I am whole again
