

Kenna, Sun Red Sky Blue

[Verse 1]

Underneath your skin again
Right below your inner sense
I can tell you're hesitant
Let me heal the heart of it
My love

[Chorus]

Give me your Sun Red, Sky Blue
Love
Im falling into you
Under a Sun Red Sky, Blue

[Verse 2]

I see through you in this life
Your fingertips have stories fading
I believed I'd taken flight
With wings of wax & heart of ice
Melted by your blessed eyes
Angel hear my cries

[Chorus]

Give me your sun red sky blue
Love
Im falling into you
Under a sun red sky, blue
Im giving into you
Ay

[Verse 3]

Raise your eyes
Leave blame in the past world
Heaven is in mind & you're
Here for something more
It's 11:59 & I'm still believing
Yeah Im still believing

[Chorus]

So
Give me your sun red sky blue
Love
Im falling into you
Under a sun red sky blue
Love
Im giving into you
I'm giving into you
I'm giving into you
I'm falling into you
Sun Red, Sky Blue
I'm falling into you
Giving in into you
More about you
Sun Red, Sky Blue
Giving into you
