

Kenny Chesney, All I Need To Know

With a little luck this ol' truck will get me home today
With a little more I'll still have this job tomorrow
Weather man says a wet weekend he just might be right
But rain or shine you'll be mine tonight

That's all I need to know
In a world where most things come and go
I'll always have you to hold
And that's all I need to know

Heaven knows I ain't even close to bein' God's gift to women
But in your arms I feel like I am
I don't know it all, I sure can't solve
The problems of the human race
But I know how to bring a smile to your face

That's all I need to know
In a world where most things come and go
I'll always have you to hold
And that's all I need to know

Darlin', say it one more time
You will forever be mine

That's all I need to know
In a world where most things come and go
I'll always have you to hold
And that's all I need to know
I'll always have you to hold
That's all I need to know
