

Kenny Chesney, Angel At The Top Of My Tree

Slide on over baby underneath this misletoe
Here's a toast to us together
Let me wrap you in this bow
I'm in with Christmas spirit
No this one won't be blue
It's gonna be the best one ever
And it's all because of you baby

Chorus:
Your the angel at the top of my tree
The best present anybody ever gave to me
I've got it decorated, all lit up
Gifts underneath
But your the angel at the top of my tree

Let's put on that ol'movie
It's a wonderful line
Just curled up by the fire
It sure rings true tonight
Let's make a little candle
And then a little later on
We'll make a little love to that old Ben Crosby song baby

(repeat chorus twice)

Baby your angel
