

# Kenny Chesney, Angel Loved The Devil

I was lost in the wild side of life  
I was blinded by smoke and neon lights  
I was drinkin' and sinkin'  
Without a prayer  
Then she showed up  
Right out of thin air

She took me to heaven  
Oh my Lord, what a ride  
And I've never been higher  
On her love I could fly  
I was hell bound  
On my way down  
Then I found what I need  
Oh, an angel loved the devil out of me

I thank God for her love each day  
He saved me  
When he sent her my way  
Now each night  
I drive by those neon lights  
And go home to my own paradise

Where she takes me to heaven  
Oh my Lord, what a ride  
and I've never been higher  
On her love I could fly  
I was hell bound  
On my way down  
Then I found what I need  
Oh, an angel loved the devil out of me

Oh yes she did  
An angel loved the devil out of me
