

# Kenny Chesney, I'd Love To Change Your Name

Honey I'd love to change your name  
Make yours and mine one in the same  
Ain't nothin' else about you I'd ever want to change  
Honey I'd sure love to change your name

Do you believe in  
Love a first site  
I don't think that I did  
Not until tonight  
I saw you dancin'  
On that hardwood floor  
Kickin' your heels up  
I knew it was love forevermore

Honey I'd love to change your name  
Make yours and mine one in the same  
Ain't nothin' else about you I'd ever want to change  
Honey I'd sure love to change your name

You're probably thinkin'  
I'm some kind of fool  
Well you're right darlin'  
I'm a fool for you  
You'll buy this line babe  
I'll buy you a ring  
Get on my knees and  
Beg you please to marry me

Honey I'd love to change your name  
Make yours and mine one in the same  
Ain't nothin' else about you I'd ever want to change  
Honey I'd sure love to change your name

Honey I'd love to change your name  
Make yours and mine one in the same  
Ain't nothin' else about you I'd ever want to change  
Honey I'd sure love to change your name  
Yeah, Honey I'd sure love to change your name
