

# Kenny Chesney, Keg In The Closet&nbsp;

We had a dog named Bocephus? living in the front yard he liked sleeping out on the top of the car he?d drink beer out of the mason jar and he climb up on everyone and beg

A white frame house, a college town, a bunch of people always hanging around, no real problems we need to drown but we tried our best anyway, we went to class just to pass the time back in eighty nine

[Chorus:]

We had a Keg in the closet pizza on the floor left over from the night before where we were going we didn?t really care we had all we ever wanted in that keg in the closet

This old guitar taught me how to score right there on the Lambda Chi porch, Mary Ann taught me a little more one what you cant have, sweatshirts and flag football, spring breaks down in panama, for a while we had it all we never dreamed it wouldn?t last, we went to class just to pass the time back in eighty nine

[Chorus:]

We had a Keg in the closet pizza on the floor left over from the night before where we were going we didn?t really care we had all we ever wanted in that keg in the closet

We all kind of went our separate ways, but I swear it seems like yesterday

[Chorus:]

We had a Keg in the closet pizza on the floor left over from the night before where we were going we didn?t really care we had all we ever wanted in that keg in the closet
