

# Kenny Chesney, Key's In The Conch Shell

Its the third thatched roof on the right  
Right beside crystal blue water  
First wave of the day  
Almost got away  
But my sail board caught her

Funny when you called  
I was thinking how good itd be to see you again  
The keys in the conch shell, come on in

Been here bout a month  
Not doing much of nothing at all  
Dogding man-o-wars  
Man its hard to get bored when youre having a ball

Make yourself at home  
Theres a good chance Ill be gone  
Reeling one in  
Girl, the keys in the conch shell, come on in

Dont bring nothing but that sunshine smile  
Come on baby stay a while  
Stay a while

My favorite bars in view  
Work there a day or two just to cover my tab  
Other than that  
It aint cost me a dime for the time Ive had  
The only thing I need  
Is some company from where have you been

Girl, the keys in the conch shell, come on in  
Make yourself at home  
Theres a good chance Ill be gone  
Reeling one in  
Girl, the keys in the conch shell, come on in
