

# Kenny Chesney, Kiss Me, Kiss Me, Kiss Me

She said you never tell me that you love me anymore  
So I can't help but wonder if you do  
She said if things don't change you'll see me walk right out that door  
'Cause I've done everything I know to do  
I said I don't know just what it is you want from me  
She said I only want us back the way we used to be  
Then she said

Kiss me, kiss me, kiss me  
Hold me, hold me like you want me  
Like you'll never let me go  
She said show me, show me  
That you really love me  
And then tell me 'cause I really need to know  
She said kiss me, kiss me, kiss me

I got down on my knees right there and promised her I'd change  
'Cause deep inside I knew that she was right  
I said I know we've drifted and there's only me to blame  
But I don't want to waste another night  
Somewhere in the darkness there we found a brand new start  
As I took every word she whispered straight to heart  
She said

Kiss me, kiss me, kiss me  
Hold me, hold me like you want me  
Like you'll never let me go  
She said show me, show me  
That you really love me  
And then tell me 'cause I really need to know  
She said kiss me, kiss me, kiss me

Kiss me
