Kenny Chesney, One Word

One word, that's all you said
Something in your voice caused me, to turn my head
Your smile just captured me, and you were in my future as far as
I could see And I don't know how it happened, but it
happens still
You ask me if I love you, if I always will...
Well, you had me from "Hello"
I felt love start to grow the moment that I looked into
your eyes
You won me, it was over from the start
You completely stole my heart and now you won't let go
I never even had a chance you know?
You had me from "Hello"
Inside I built a wall so high around my heart,
I thought I'd never fall
One touch, you brought it down
The bricks of my defenses scattered on the ground
And I swore to me I wasn't gonna love again
The last time was the last time I'd let someone in
But, you had me from "Hello"
I felt love start to grow the moment that I looked
into your eyes
You won me, it was over from the start
You completely stole my heart and now you won't
let go
I never even had a chance you know?
You had me from "Hello"
That's all you said
Something in your voice calls me, to turn my head
You had me from "Hello"
You had me from "Hello"
Girl, I've loved you from "Hello"
