

Kenny Chesney, Only Time Will Tell

Everybody says it's gonna take a little more time
Might as well get used to her running through my mind
Her memory brought me to my knees
When will I be back up walking
Only time will tell, but it ain't talking
A lot of sleepless nights I'm sure are lying up ahead
Wonder when the night will come when I lay down in bed
And her memory finally decides to stop calling
Only time will tell, but it ain't talking

Chorus

Only time will tell when i will finally be free
But so far it hasn't spoke a single word to me
Wonder when the pain will end
And all the tears will stop falling
Only time will tell, but it ain't talking

Chorus

Only time will tell, but it ain't talking
