

Kenny Chesney, She Always Says It First

Not a day goes by that I don't tell her
How beautiful she is
How kind and caring, I'm always swearing
She's the reason that I live

I make it a point to point out every good thing that she does
How she has everything I need
And I can't get enough

Well I always tell her I love her
And how lost I'd be without her
And God knows I mean every word
I always tell her I love her
But she always says it first

Not a night goes by that I don't tell her
I'm a lucky man
Pull her close and let her know
How proud of her I am
And I'm so into her I swear
It tears me inside out
And I make sure she sees that she's what
This old boy's about

Well I always tell her I love her
And how lost I'd be without her
And God knows I mean every word
I always tell her I love her
But she always says it first

She always says it first
