

# Kenny Chesney, That Lucky Old Sun

(Kenny)

Up in the morning

Out on the job

Work like the devil for my pay

But that lucky old sun aint got nothing to do

But roll around heaven all day

(Willie)

I fuss with my woman

I toil for my kids

And I sweat til Im wrinkled and gray

But that lucky old sun aint got nothing to do

But roll around heaven all day

(Kenny)

Dear Lord above cant you see Im crying

Tears are in my eyes

Send down a cloud with a silver lining

Take me to paradise

(Willie)

Show me that river

Lead me across

And take all my troubles away

(Kenny)

Like that lucky old sun, Ill have nothing to do

But roll around heaven all day

(Willie)

Lord above cant you see Im crying

Tears are in my eyes

(Kenny)

Send down a cloud with a silver lining

Take me to paradise

(Willie)

Show me that river

Lead me across

And take all my troubles away

(Kenny)

Like that lucky old sun, Ill have nothing to do

(Willie)

But roll around heaven all day

(Kenny)

Roll around heaven all day
