

Kenny Lattimore, Forgiveness

(Chorus)

Can we find forgiveness
In the throws of our misunderstanding
or do we fall apart
Can we find forgiveness
Or do we go on like this
Trying to cover up a broken heart

(Verse1)

Mmhl made a mistake and I wanna know
Can you ever forgive me or do we go
Down in the flames of a broken love
If I ever really meant much to you
Then it wouldnt make much sense for you to
Turn your back and walk away from us

(Hook 1)

What about me
What about you
What about love
What do we do
What of my heart What of my heart
Im asking you now
Begging you, please tell me

(Chorus)

(Verse 2)

I wonder has there ever been anyone
To go as far as weve come
And never mention of a hurting thing
This episode before us
Shouldnt overcome what weve got
So lets move on and get to better days

(Hook 2)

For all we know For all we know
We could be the best Oh, yeah
Well never know
Dont take the chance So from right new
So from today ooh..., yeah, yeah
Lets make a vow
Whatever was wrong
Its over right now Will you forgive me

(Chorus)

Can we find understanding
Can we find
Can we find, or do we go

(Bridge)

Tell me now will we let this go
I need to know I need to know
Please tell me so Right now, baby
Ive dedicated all my love to you
Dont let it end tonight

(Chorus/Fade Out)
