

# Kenny Loggins, Only A Miracle

I've always said that I believe that anything can happen.  
Lately I've been wonderin' if that's really true.  
For a boy, time can be a loveley dance, then suddenly the music can fade.  
Leave the man alone and dreamless  
Until he only sees that he's used up all his chances after all.  
And now only a miracle could do to save the man I've turned into.  
Won't somebody let me know, where's my miracle?  
Love it always seemed so easy.  
Just like a child who plays with imaginary friends.  
I could see the face of someone I believe but only in the words of a song.  
Then she came along and got me dreamin.  
That's when it began and when I held you, I held a miracle in my hands.  
Until now, only a miracle could do.  
I've found the by I was in you.  
You've come to let me know there are miracles.  
And now, only a miracle could do and I have finally found in you.  
I've come to let you know, I believe that miracles can happen in the end.
