

# Kenny Price, All In The Family

Now it's all in the family I wish we can only hurt just you and me  
Our little darlings will never understand what's happened to a woman and the man  
What we've built together is slowly fallin' down  
I hope that we can catch it before it hits the ground  
But it's all in the family I wish we can only hurt just you and me  
The ties have loosen and destroyed the bow  
That we've tied together a few short years ago  
Last be the tie that binds and holds you and me  
For without his love we'll never be all in the family  
Now it's all in the family I wish we could only hurt just you and me
