

# Kenny Price, Front Of The Bus Back Of The Church

Some people don't know exactly where to go in  
And they'll take the path that's easiest for the load  
The quickest way to get there with the most is  
They'll take the front of a bus the back of the church  
And then they'll take the middle of the road  
Some poeple fight to get in front of one another  
And they don't care if they step on someone's toes  
When they arrive they have the first selection  
And it's the front of the bus the back of the church  
And then they'll take the middle of the road  
The front of the bus is always crowded the back of the church is always filled  
And if you take the middle of the road today you can always say I told you so  
The easy way don't always come so easy  
And don't take from the harvest if you can't sow  
And if your last at everything in life there's still room  
At the back of the bus the front of the church  
And be the side of the road side of the road
