

Kenny Price, Front Of The Bus Back Of The Church

Some people don't know exactly where to go in
And they'll take the path that's easiest for the load
The quickest way to get there with the most is
They'll take the front of a bus the back of the church
And then they'll take the middle of the road
Some people fight to get in front of one another
And they don't care if they step on someone's toes
When they arrive they have the first selection
And it's the front of the bus the back of the church
And then they'll take the middle of the road
The front of the bus is always crowded the back of the church is always filled
And if you take the middle of the road today you can always say I told you so
The easy way don't always come so easy
And don't take from the harvest if you can't sow
And if your last at everything in life there's still room
At the back of the bus the front of the church
And be the side of the road side of the road
