

# Kenny Price, I'm A Long Way From Home

I'm a long way from home and so all alone and I'm scared like I thought I'd never be  
I'm a long way from home and everything is wrong Lord please watch over me

Can't get a custom to the hunger no one seems to notice that I'm cold  
This life's not making me no younger I wish I'd stayed at home like I was told  
I'm a long way from home  
Well last night I slept in a public mission you know you can't imagine how I felt  
With things that they happened to me like they were fiction  
Someone tried to steal my shoes while I slept  
I'm a long way from home and so all alone...  
I'm a long way from home
