

Kenny Price, Would You Take Another Chance On Me

If I promise you to straighten up and put my life in order
If I swear to you on bended knees I won't hurt you again
If I become the kind of man that you want me to be
Would you take another chance on me
The good Lord knows I've done you wrong I've asked him to forgive me
And deep inside I think you would if you could do the same
If I could take back all the things that caused you misery
Would you take another chance on me
Would you take another chance on me I've paid for my mistake
Would you take another chance on me or have I changed too late
I've been a fool to hurting you but can't you see I'm sorry
If only you were mine again I'd make it up to you
But my past keeps blinding you if you could only see
Would you take another chance on me thank of that darling
