

Kenny Price, You Left Me Out Of My Dreams

I planned the cottage just for you here in town
And in those dreams I could see little children running round
Now darlin' you're happy cause you have all those things
But you left me out of my dreams
I watched all my dreams come true in the arms of somebody new
I didn't plan on some stranger darlin' givin' you all those things
And you left me right out of my dreams
[steel]
I watched all my dreams come true...
Yes you left me right out of my dreams
