

# Kenny Rogers, Blaze of Glory

Let's go out in a blaze of glory  
All good things must end  
Like two heros in a story  
Let's go out like we came in  
In a blaze of glory

Here we are broken-hearted  
We thought our love would never end  
We fell hard when we got started  
Fallin' out like we fell in

Let's go out in a blaze of glory  
All good things must end  
Like two heros in a story  
Let's go out like we came in  
In a blaze of glory

Let's gonna hurt each other

That would be a worse mistake  
Once again let's act like lovers  
One more time for old-time's sake

Let's go out in a blaze of glory  
All good things must end  
Like two heros in a story  
let's go out like we came in  
in a blaze of glory

let's go out (let's go out)  
in a blaze of glory (in a blaze of glory)  
all good things must end  
like two heros (ah) in a story (in a story.)  
let's go out (let's go out) like we came in (like we came in)  
in a blaze of glory
